

Photovoltaic Module Manufacturing Facilities

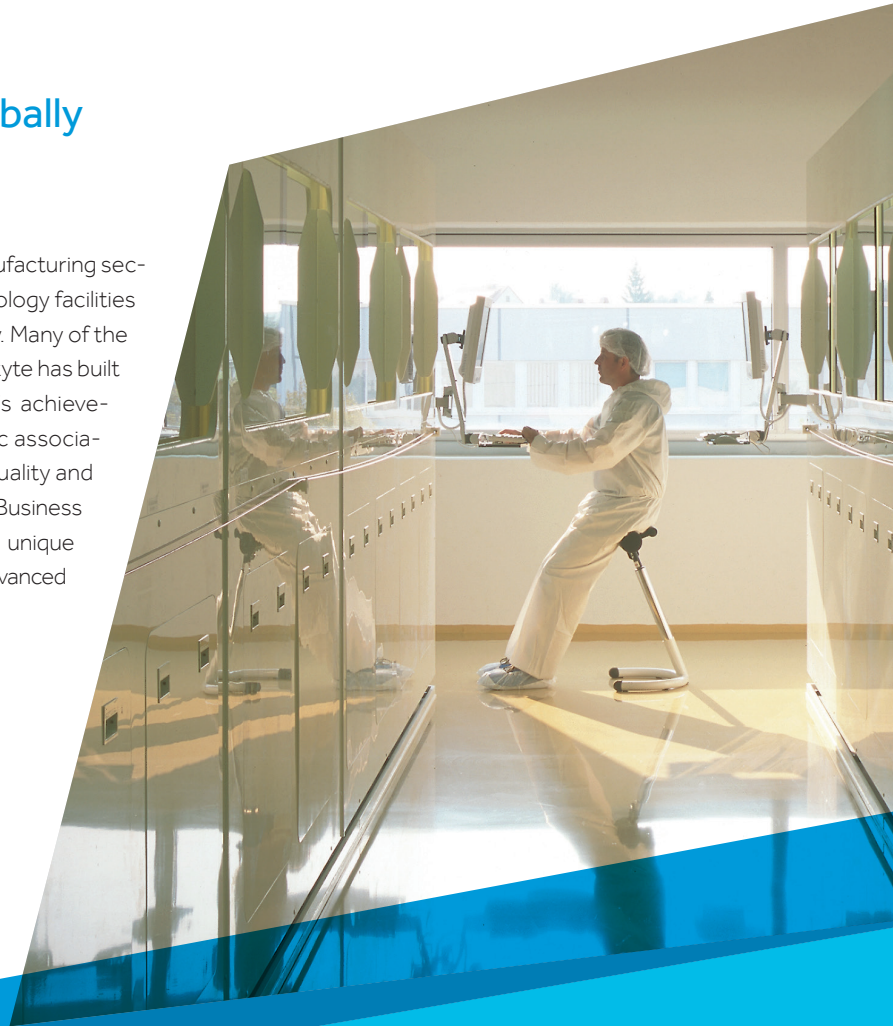

Design and Construction: Delivering Turnkey Factories globally

17 GW of PV Facilities across the Globe

Exyte Group is an established market leader in the PV manufacturing sector. Our extensive track record of building advanced technology facilities covers over 17 gigawatts photovoltaic production capacity. Many of the top 20 PV cell and module producers are our customers. Exyte has built facilities for both c-Si and thin-film technologies. Exyte's achievements have been recognized by international photovoltaic associations and media. Our benchmarks in factory innovation, quality and safety have won us numerous coveted awards. Our Global Business Unit, in cooperation with our regional operations, provide a unique and truly global solution to fit your specific needs in the advanced photovoltaic manufacturing sector.

Key Competencies

- Industrial and Equipment Engineering
- Civil / Structural / Architecture
- Dry / Wet Mechanical Systems
- Process Systems
- Electrical Systems
- Instrumentation & Controls
- Safety Concepts Services
- Tool Installation

Scope of Services

Exyte Group (Headquarters)
GBU Advanced Technology Facilities
Loewentorbogen 9B
70376 Stuttgart
Germany
Phone: +49 711 8804-2904
info.phvol@exyte.net

Exyte AMER (Americas)
Advanced Technology Facilities
201 Fuller Road, Suite 401
Albany, NY 12203
United States
Phone: +1 518-266-3400
info.us@exyte.net

Exyte EMEA (Europe)
Advanced Technology Facilities
Loewentorbogen 9B
70376 Stuttgart
Germany
Phone: +49 711 8804-0
info.ce@exyte.net

Exyte APAC (Asia-Pacific)
Advanced Technology Facilities
16 International Business Park
Singapore 609929
Singapore
Phone: +65 6725-9500
info.sg@exyte.net
